A work plan is mandatory and has to be submitted before the start of the stay abroad. Modifications are possible during the entire stay abroad.

Civil Engineering	GESTION INTEGRADA DE PROYECTOS	<p>MANDATORY documents: 1. Proof of status at the home institution (Document issued by the home university stating that the candidate is currently linked to it as a regular researcher); 2. Doctoral Degree; 3. CV using the Europass template; 4. Invitation letter signed by the head of the corresponding research unit at the Universidad de Granada; 5. Research plan up to a maximum of two pages; to be agreed on previously with the contact person at the University of Granada);</p> <p>RECOMMENDED documents: 1. Language proficiency certificates; 2. Letters of recommendation; 3. Letter of support (Document issued by the home university specifying the institutional and/or academic interest of the proposed mobility flow for the home university); 4. Letter of institutional commitment (Document issued by the home institution ensuring the (re)incorporation of the grantee); Possible duration and approximate dates: Any date and duration previously agreed with the corresponding research unit at the Universidad de Granada.</p>	SP+EN	Sufficient knowledge of the working language previously agreed with the coordinator of the corresponding research unit at the Universidad de Granada	http://investigacion.ugr.es/ugrinvestiga/s/tatic/Buscador/*/grupos/ficha/TEP193	SHORT RESEARCH STAYS: Potential applicants must hold a doctoral degree and will normally be a researcher at their home institution. A work plan is mandatory and has to be submitted before the start of the stay abroad. Modifications are possible during the entire stay abroad.
Civil Engineering	TECNOLOGÍAS PARA LA GESTIÓN Y TRATAMIENTO DEL AGUA	<p>MANDATORY documents: 1. Proof of status at the home institution (Document issued by the home university stating that the candidate is currently linked to it as a regular researcher); 2. Doctoral Degree; 3. CV using the Europass template; 4. Invitation letter signed by the head of the corresponding research unit at the Universidad de Granada; 5. Research plan up to a maximum of two pages; to be agreed on previously with the contact person at the University of Granada);</p> <p>RECOMMENDED documents: 1. Language proficiency certificates; 2. Letters of recommendation; 3. Letter of support (Document issued by the home university specifying the institutional and/or academic interest of the proposed mobility flow for the home university); 4. Letter of institutional commitment (Document issued by the home institution ensuring the (re)incorporation of the grantee); Possible duration and approximate dates: Any date and duration previously agreed with the corresponding research unit at the Universidad de Granada.</p>	SP+EN	Sufficient knowledge of the working language previously agreed with the coordinator of the corresponding research unit at the Universidad de Granada	http://www.ugr.es/local/tep239	SHORT RESEARCH STAYS: Potential applicants must hold a doctoral degree and will normally be a researcher at their home institution. A work plan is mandatory and has to be submitted before the start of the stay abroad. Modifications are possible during the entire stay abroad.

Civil Engineering	TRANSPORTE Y SEGURIDAD	<p>MANDATORY documents: 1. Proof of status at the home institution (Document issued by the home university stating that the candidate is currently linked to it as a regular researcher); 2. Doctoral Degree; 3. CV using the Europass template; 4. Invitation letter signed by the head of the corresponding research unit at the Universidad de Granada; 5. Research plan up to a maximum of two pages; to be agreed on previously with the contact person at the University of Granada);</p> <p>RECOMMENDED documents: 1. Language proficiency certificates; 2. Letters of recommendation; 3. Letter of support (Document issued by the home university specifying the institutional and/or academic interest of the proposed mobility flow for the home university); 4. Letter of institutional commitment (Document issued by the home institution ensuring the (re)incorporation of the grantee); Possible duration and approximate dates: Any date and duration previously agreed with the corresponding research unit at the Universidad de Granada.</p>	SP+EN	Sufficient knowledge of the working language previously agreed with the coordinator of the corresponding research unit at the Universidad de Granada	http://tryse.ugr.es	SHORT RESEARCH STAYS: Potential applicants must hold a doctoral degree and will normally be a researcher at their home institution. A work plan is mandatory and has to be submitted before the start of the stay abroad. Modifications are possible during the entire stay abroad.
Electronic Engineering, Telecommunications	SIGNAL PROCESSING AND BIOMEDICAL APPLICATIONS	<p>MANDATORY documents: 1. Proof of status at the home institution (Document issued by the home university stating that the candidate is currently linked to it as a regular researcher); 2. Doctoral Degree; 3. CV using the Europass template; 4. Invitation letter signed by the head of the corresponding research unit at the Universidad de Granada; 5. Research plan up to a maximum of two pages; to be agreed on previously with the contact person at the University of Granada);</p> <p>RECOMMENDED documents: 1. Language proficiency certificates; 2. Letters of recommendation; 3. Letter of support (Document issued by the home university specifying the institutional and/or academic interest of the proposed mobility flow for the home university); 4. Letter of institutional commitment (Document issued by the home institution ensuring the (re)incorporation of the grantee); Possible duration and approximate dates: Any date and duration previously agreed with the corresponding research unit at the Universidad de Granada.</p>	SP+EN	Sufficient knowledge of the working language previously agreed with the coordinator of the corresponding research unit at the Universidad de Granada	http://investigacion.ugr.es/ugrinvestigatatic/Buscador*/grupos/ficha/TIC010	SHORT RESEARCH STAYS: Potential applicants must hold a doctoral degree and will normally be a researcher at their home institution. A work plan is mandatory and has to be submitted before the start of the stay abroad. Modifications are possible during the entire stay abroad.

Electronic Engineering, Telecommunications	TRATAMIENTO DE INCERTIDUMBRE EN SISTEMAS INTELIGENTES	MANDATORY documents: 1. Proof of status at the home institution (Document issued by the home university stating that the candidate is currently linked to it as a regular researcher); 2. Doctoral Degree; 3. CV using the Europass template; 4. Invitation letter signed by the head of the corresponding research unit at the Universidad de Granada; 5. Research plan up to a maximum of two pages; to be agreed on previously with the contact person at the University of Granada); RECOMMENDED documents: 1. Language proficiency certificates; 2. Letters of recommendation; 3. Letter of support (Document issued by the home university specifying the institutional and/or academic interest of the proposed mobility flow for the home university); 4. Letter of institutional commitment (Document issued by the home institution ensuring the (re)incorporation of the grantee); Possible duration and approximate dates: Any date and duration previously agreed with the corresponding research unit at the Universidad de Granada.	SP+EN	Sufficient knowledge of the working language previously agreed with the coordinator of the corresponding research unit at the Universidad de Granada	http://utai103.ugr.es	SHORT RESEARCH STAYS: Potential applicants must hold a doctoral degree and will normally be a researcher at their home institution. A work plan is mandatory and has to be submitted before the start of the stay abroad. Modifications are possible during the entire stay abroad.
Electronic Engineering, Telecommunications	SISTEMAS, SEÑALES Y ONDAS	MANDATORY documents: 1. Proof of status at the home institution (Document issued by the home university stating that the candidate is currently linked to it as a regular researcher); 2. Doctoral Degree; 3. CV using the Europass template; 4. Invitation letter signed by the head of the corresponding research unit at the Universidad de Granada; 5. Research plan up to a maximum of two pages; to be agreed on previously with the contact person at the University of Granada); RECOMMENDED documents: 1. Language proficiency certificates; 2. Letters of recommendation; 3. Letter of support (Document issued by the home university specifying the institutional and/or academic interest of the proposed mobility flow for the home university); 4. Letter of institutional commitment (Document issued by the home institution ensuring the (re)incorporation of the grantee); Possible duration and approximate dates: Any date and duration previously agreed with the corresponding research unit at the Universidad de Granada.	SP+EN	Sufficient knowledge of the working language previously agreed with the coordinator of the corresponding research unit at the Universidad de Granada	http://investigacion.ugr.es/ugrinvestigatatic/Buscador*/grupos/ficha/TIC104	SHORT RESEARCH STAYS: Potential applicants must hold a doctoral degree and will normally be a researcher at their home institution. A work plan is mandatory and has to be submitted before the start of the stay abroad. Modifications are possible during the entire stay abroad.

Electronic Engineering, Telecommunications	GRUPO DE INVESTIGACION EN DISPOSITIVOS ELECTRONICOS	<p>MANDATORY documents: 1. Proof of status at the home institution (Document issued by the home university stating that the candidate is currently linked to it as a regular researcher); 2. Doctoral Degree; 3. CV using the Europass template; 4. Invitation letter signed by the head of the corresponding research unit at the Universidad de Granada; 5. Research plan up to a maximum of two pages; to be agreed on previously with the contact person at the University of Granada);</p> <p>RECOMMENDED documents: 1. Language proficiency certificates; 2. Letters of recommendation; 3. Letter of support (Document issued by the home university specifying the institutional and/or academic interest of the proposed mobility flow for the home university); 4. Letter of institutional commitment (Document issued by the home institution ensuring the (re)incorporation of the grantee); Possible duration and approximate dates: Any date and duration previously agreed with the corresponding research unit at the Universidad de Granada.</p>	SP+EN	Sufficient knowledge of the working language previously agreed with the coordinator of the corresponding research unit at the Universidad de Granada	http://investigacion.ugr.es/ugrinvestiga/s/tatic/Buscador/*/grupos/ficha/TIC105	SHORT RESEARCH STAYS: Potential applicants must hold a doctoral degree and will normally be a researcher at their home institution. A work plan is mandatory and has to be submitted before the start of the stay abroad. Modifications are possible during the entire stay abroad.
Electronic Engineering, Telecommunications	GRUPO DE INVESTIGACIÓN EN SEÑALES, TELEMÁTICA Y COMUNICACIONES	<p>MANDATORY documents: 1. Proof of status at the home institution (Document issued by the home university stating that the candidate is currently linked to it as a regular researcher); 2. Doctoral Degree; 3. CV using the Europass template; 4. Invitation letter signed by the head of the corresponding research unit at the Universidad de Granada; 5. Research plan up to a maximum of two pages; to be agreed on previously with the contact person at the University of Granada);</p> <p>RECOMMENDED documents: 1. Language proficiency certificates; 2. Letters of recommendation; 3. Letter of support (Document issued by the home university specifying the institutional and/or academic interest of the proposed mobility flow for the home university); 4. Letter of institutional commitment (Document issued by the home institution ensuring the (re)incorporation of the grantee); Possible duration and approximate dates: Any date and duration previously agreed with the corresponding research unit at the Universidad de Granada.</p>	SP+EN	Sufficient knowledge of the working language previously agreed with the coordinator of the corresponding research unit at the Universidad de Granada	http://tic123.ugr.es	SHORT RESEARCH STAYS: Potential applicants must hold a doctoral degree and will normally be a researcher at their home institution. A work plan is mandatory and has to be submitted before the start of the stay abroad. Modifications are possible during the entire stay abroad.

Electronic Engineering, Telecommunications	DITEC - TECNICAS DIGITALES	<p>MANDATORY documents: 1. Proof of status at the home institution (Document issued by the home university stating that the candidate is currently linked to it as a regular researcher); 2. Doctoral Degree; 3. CV using the Europass template; 4. Invitation letter signed by the head of the corresponding research unit at the Universidad de Granada; 5. Research plan up to a maximum of two pages; to be agreed on previously with the contact person at the University of Granada);</p> <p>RECOMMENDED documents: 1. Language proficiency certificates; 2. Letters of recommendation; 3. Letter of support (Document issued by the home university specifying the institutional and/or academic interest of the proposed mobility flow for the home university); 4. Letter of institutional commitment (Document issued by the home institution ensuring the (re)incorporation of the grantee); Possible duration and approximate dates: Any date and duration previously agreed with the corresponding research unit at the Universidad de Granada.</p>	SP+EN	Sufficient knowledge of the working language previously agreed with the coordinator of the corresponding research unit at the Universidad de Granada	http://investigacion.ugr.es/ugrinvestigatatic/Buscador*/grupos/ficha/TIC127	SHORT RESEARCH STAYS: Potential applicants must hold a doctoral degree and will normally be a researcher at their home institution. A work plan is mandatory and has to be submitted before the start of the stay abroad. Modifications are possible during the entire stay abroad.
Electronic Engineering, Telecommunications	INTEGRACIÓN DE INFORMACIÓN: WEB SEMÁNTICA y ALMACENES DE DATOS	<p>MANDATORY documents: 1. Proof of status at the home institution (Document issued by the home university stating that the candidate is currently linked to it as a regular researcher); 2. Doctoral Degree; 3. CV using the Europass template; 4. Invitation letter signed by the head of the corresponding research unit at the Universidad de Granada; 5. Research plan up to a maximum of two pages; to be agreed on previously with the contact person at the University of Granada);</p> <p>RECOMMENDED documents: 1. Language proficiency certificates; 2. Letters of recommendation; 3. Letter of support (Document issued by the home university specifying the institutional and/or academic interest of the proposed mobility flow for the home university); 4. Research plan up to a maximum of two pages; to be agreed on previously with the contact person at the University of Granada);</p> <p>RECOMMENDED documents: 1. Language proficiency certificates; 2. Letters of recommendation; 3. Letter of support (Document issued by the home university specifying the institutional and/or academic interest of the proposed mobility flow for the home university); 4. Letter of institutional commitment (Document issued by the home institution ensuring the (re)incorporation of the grantee); Possible duration and approximate dates: Any date and duration previously agreed with the corresponding research unit at the Universidad de Granada.</p>	SP+EN	Sufficient knowledge of the working language previously agreed with the coordinator of the corresponding research unit at the Universidad de Granada	http://investigacion.ugr.es/ugrinvestigatatic/Buscador*/grupos/ficha/FQM171	SHORT RESEARCH STAYS: Potential applicants must hold a doctoral degree and will normally be a researcher at their home institution. A work plan is mandatory and has to be submitted before the start of the stay abroad. Modifications are possible during the entire stay abroad.
Chemistry	MODELIZACION Y DISEÑO MOLECULAR	<p>MANDATORY documents: 1. Proof of status at the home institution (Document issued by the home university stating that the candidate is currently linked to it as a regular researcher); 2. Doctoral Degree; 3. CV using the Europass template; 4. Invitation letter signed by the head of the corresponding research unit at the Universidad de Granada; 5. Research plan up to a maximum of two pages; to be agreed on previously with the contact person at the University of Granada);</p> <p>RECOMMENDED documents: 1. Language proficiency certificates; 2. Letters of recommendation; 3. Letter of support (Document issued by the home university specifying the institutional and/or academic interest of the proposed mobility flow for the home university); 4. Letter of institutional commitment (Document issued by the home institution ensuring the (re)incorporation of the grantee); Possible duration and approximate dates: Any date and duration previously agreed with the corresponding research unit at the Universidad de Granada.</p>	SP+EN	Sufficient knowledge of the working language previously agreed with the coordinator of the corresponding research unit at the Universidad de Granada	http://investigacion.ugr.es/ugrinvestigatatic/Buscador*/grupos/ficha/FQM174	SHORT RESEARCH STAYS: Potential applicants must hold a doctoral degree and will normally be a researcher at their home institution. A work plan is mandatory and has to be submitted before the start of the stay abroad. Modifications are possible during the entire stay abroad.

Chemistry	QUIMICA DE LA COORDINACIÓN Y ANÁLISIS ESTRUCTURAL	<p>MANDATORY documents: 1. Proof of status at the home institution (Document issued by the home university stating that the candidate is currently linked to it as a regular researcher); 2. Doctoral Degree; 3. CV using the Europass template; 4. Invitation letter signed by the head of the corresponding research unit at the Universidad de Granada; 5. Research plan up to a maximum of two pages; to be agreed on previously with the contact person at the University of Granada);</p> <p>RECOMMENDED documents: 1. Language proficiency certificates; 2. Letters of recommendation; 3. Letter of support (Document issued by the home university specifying the institutional and/or academic interest of the proposed mobility flow for the home university); 4. Letter of institutional commitment (Document issued by the home institution ensuring the (re)incorporation of the grantee); Possible duration and approximate dates: Any date and duration previously agreed with the corresponding research unit at the Universidad de Granada.</p>	SP+EN	Sufficient knowledge of the working language previously agreed with the coordinator of the corresponding research unit at the Universidad de Granada	http://investigacion.ugr.es/ugrinvestigatatic/Buscador*/grupos/ficha/FQM195	SHORT RESEARCH STAYS: Potential applicants must hold a doctoral degree and will normally be a researcher at their home institution. A work plan is mandatory and has to be submitted before the start of the stay abroad. Modifications are possible during the entire stay abroad.
Chemistry	HIDRATOS DE CARBONO: SÍNTESIS, REACTIVIDAD Y DISEÑO TEORICO	<p>MANDATORY documents: 1. Proof of status at the home institution (Document issued by the home university stating that the candidate is currently linked to it as a regular researcher); 2. Doctoral Degree; 3. CV using the Europass template; 4. Invitation letter signed by the head of the corresponding research unit at the Universidad de Granada; 5. Research plan up to a maximum of two pages; to be agreed on previously with the contact person at the University of Granada);</p> <p>RECOMMENDED documents: 1. Language proficiency certificates; 2. Letters of recommendation; 3. Letter of support (Document issued by the home university specifying the institutional and/or academic interest of the proposed mobility flow for the home university); 4. Letter of institutional commitment (Document issued by the home institution ensuring the (re)incorporation of the grantee); Possible duration and approximate dates: Any date and duration previously agreed with the corresponding research unit at the Universidad de Granada.</p>	SP+EN	Sufficient knowledge of the working language previously agreed with the coordinator of the corresponding research unit at the Universidad de Granada	http://investigacion.ugr.es/ugrinvestigatatic/Buscador*/grupos/ficha/FQM208	SHORT RESEARCH STAYS: Potential applicants must hold a doctoral degree and will normally be a researcher at their home institution. A work plan is mandatory and has to be submitted before the start of the stay abroad. Modifications are possible during the entire stay abroad.

Chemistry	ANALISIS EN ALIMENTACION Y MEDIOAMBIENTE	<p>MANDATORY documents: 1. Proof of status at the home institution (Document issued by the home university stating that the candidate is currently linked to it as a regular researcher); 2. Doctoral Degree; 3. CV using the Europass template; 4. Invitation letter signed by the head of the corresponding research unit at the Universidad de Granada; 5. Research plan up to a maximum of two pages; to be agreed on previously with the contact person at the University of Granada);</p> <p>RECOMMENDED documents: 1. Language proficiency certificates; 2. Letters of recommendation; 3. Letter of support (Document issued by the home university specifying the institutional and/or academic interest of the proposed mobility flow for the home university); 4. Letter of institutional commitment (Document issued by the home institution ensuring the (re)incorporation of the grantee); Possible duration and approximate dates: Any date and duration previously agreed with the corresponding research unit at the Universidad de Granada.</p>	SP+EN	Sufficient knowledge of the working language previously agreed with the coordinator of the corresponding research unit at the Universidad de Granada	http://fqm232.ugr.es	SHORT RESEARCH STAYS: Potential applicants must hold a doctoral degree and will normally be a researcher at their home institution. A work plan is mandatory and has to be submitted before the start of the stay abroad. Modifications are possible during the entire stay abroad.
Chemistry	FOTOQUIMICA Y FOTOBIOLOGIA	<p>MANDATORY documents: 1. Proof of status at the home institution (Document issued by the home university stating that the candidate is currently linked to it as a regular researcher); 2. Doctoral Degree; 3. CV using the Europass template; 4. Invitation letter signed by the head of the corresponding research unit at the Universidad de Granada; 5. Research plan up to a maximum of two pages; to be agreed on previously with the contact person at the University of Granada);</p> <p>RECOMMENDED documents: 1. Language proficiency certificates; 2. Letters of recommendation; 3. Letter of support (Document issued by the home university specifying the institutional and/or academic interest of the proposed mobility flow for the home university); 4. Letter of institutional commitment (Document issued by the home institution ensuring the (re)incorporation of the grantee); Possible duration and approximate dates: Any date and duration previously agreed with the corresponding research unit at the Universidad de Granada.</p>	SP+EN	Sufficient knowledge of the working language previously agreed with the coordinator of the corresponding research unit at the Universidad de Granada	http://investigacion.ugr.es/ugrinvestiga/satic/Buscador*/grupos/ficha/FQM247	SHORT RESEARCH STAYS: Potential applicants must hold a doctoral degree and will normally be a researcher at their home institution. A work plan is mandatory and has to be submitted before the start of the stay abroad. Modifications are possible during the entire stay abroad.

Chemistry	COMPLEJOS DE METALES DE TRANSICION CON INTERES BIOINORGANICO Y/O TERAPEUTICO	<p>MANDATORY documents: 1. Proof of status at the home institution (Document issued by the home university stating that the candidate is currently linked to it as a regular researcher); 2. Doctoral Degree; 3. CV using the Europass template; 4. Invitation letter signed by the head of the corresponding research unit at the Universidad de Granada; 5. Research plan up to a maximum of two pages; to be agreed on previously with the contact person at the University of Granada);</p> <p>RECOMMENDED documents: 1. Language proficiency certificates; 2. Letters of recommendation; 3. Letter of support (Document issued by the home university specifying the institutional and/or academic interest of the proposed mobility flow for the home university); 4. Letter of institutional commitment (Document issued by the home institution ensuring the (re)incorporation of the grantee); Possible duration and approximate dates: Any date and duration previously agreed with the corresponding research unit at the Universidad de Granada.</p>	SP+EN	Sufficient knowledge of the working language previously agreed with the coordinator of the corresponding research unit at the Universidad de Granada	http://biomec.ugr.es	SHORT RESEARCH STAYS: Potential applicants must hold a doctoral degree and will normally be a researcher at their home institution. A work plan is mandatory and has to be submitted before the start of the stay abroad. Modifications are possible during the entire stay abroad.
Chemistry	CALIDAD EN QUIMICA ANALITICA ALIMENTARIA, AMBIENTAL Y CLÍNICA (CQAC3)	<p>MANDATORY documents: 1. Proof of status at the home institution (Document issued by the home university stating that the candidate is currently linked to it as a regular researcher); 2. Doctoral Degree; 3. CV using the Europass template; 4. Invitation letter signed by the head of the corresponding research unit at the Universidad de Granada; 5. Research plan up to a maximum of two pages; to be agreed on previously with the contact person at the University of Granada);</p> <p>RECOMMENDED documents: 1. Language proficiency certificates; 2. Letters of recommendation; 3. Letter of support (Document issued by the home university specifying the institutional and/or academic interest of the proposed mobility flow for the home university); 4. Letter of institutional commitment (Document issued by the home institution ensuring the (re)incorporation of the grantee); Possible duration and approximate dates: Any date and duration previously agreed with the corresponding research unit at the Universidad de Granada.</p>	SP+EN	Sufficient knowledge of the working language previously agreed with the coordinator of the corresponding research unit at the Universidad de Granada	http://www.ugr.es/local/fqm302	SHORT RESEARCH STAYS: Potential applicants must hold a doctoral degree and will normally be a researcher at their home institution. A work plan is mandatory and has to be submitted before the start of the stay abroad. Modifications are possible during the entire stay abroad.

Chemistry	QUIMICA ANALITICA Y CIENCIAS DE LA VIDA	<p>MANDATORY documents: 1. Proof of status at the home institution (Document issued by the home university stating that the candidate is currently linked to it as a regular researcher); 2. Doctoral Degree; 3. CV using the Europass template; 4. Invitation letter signed by the head of the corresponding research unit at the Universidad de Granada; 5. Research plan up to a maximum of two pages; to be agreed on previously with the contact person at the University of Granada);</p> <p>RECOMMENDED documents: 1. Language proficiency certificates; 2. Letters of recommendation; 3. Letter of support (Document issued by the home university specifying the institutional and/or academic interest of the proposed mobility flow for the home university); 4. Letter of institutional commitment (Document issued by the home institution ensuring the (re)incorporation of the grantee); Possible duration and approximate dates: Any date and duration previously agreed with the corresponding research unit at the Universidad de Granada.</p>	SP+EN	Sufficient knowledge of the working language previously agreed with the coordinator of the corresponding research unit at the Universidad de Granada	http://investigacion.ugr.es/ugrinvestigatatic/Buscador*/grupos/ficha/FQM338	SHORT RESEARCH STAYS: Potential applicants must hold a doctoral degree and will normally be a researcher at their home institution. A work plan is mandatory and has to be submitted before the start of the stay abroad. Modifications are possible during the entire stay abroad.
Chemistry	SINTESIS ORGANICA	<p>MANDATORY documents: 1. Proof of status at the home institution (Document issued by the home university stating that the candidate is currently linked to it as a regular researcher); 2. Doctoral Degree; 3. CV using the Europass template; 4. Invitation letter signed by the head of the corresponding research unit at the Universidad de Granada; 5. Research plan up to a maximum of two pages; to be agreed on previously with the contact person at the University of Granada);</p> <p>RECOMMENDED documents: 1. Language proficiency certificates; 2. Letters of recommendation; 3. Letter of support (Document issued by the home university specifying the institutional and/or academic interest of the proposed mobility flow for the home university); 4. Letter of institutional commitment (Document issued by the home institution ensuring the (re)incorporation of the grantee); Possible duration and approximate dates: Any date and duration previously agreed with the corresponding research unit at the Universidad de Granada.</p>	SP+EN	Sufficient knowledge of the working language previously agreed with the coordinator of the corresponding research unit at the Universidad de Granada	http://investigacion.ugr.es/ugrinvestigatatic/Buscador*/grupos/ficha/FQM339	SHORT RESEARCH STAYS: Potential applicants must hold a doctoral degree and will normally be a researcher at their home institution. A work plan is mandatory and has to be submitted before the start of the stay abroad. Modifications are possible during the entire stay abroad.

Chemistry	PRODUCTOS NATURALES Y SÍNTESIS ORGÁNICA APLICADA	<p>MANDATORY documents: 1. Proof of status at the home institution (Document issued by the home university stating that the candidate is currently linked to it as a regular researcher); 2. Doctoral Degree; 3. CV using the Europass template; 4. Invitation letter signed by the head of the corresponding research unit at the Universidad de Granada; 5. Research plan up to a maximum of two pages; to be agreed on previously with the contact person at the University of Granada);</p> <p>RECOMMENDED documents: 1. Language proficiency certificates; 2. Letters of recommendation; 3. Letter of support (Document issued by the home university specifying the institutional and/or academic interest of the proposed mobility flow for the home university); 4. Letter of institutional commitment (Document issued by the home institution ensuring the (re)incorporation of the grantee); Possible duration and approximate dates: Any date and duration previously agreed with the corresponding research unit at the Universidad de Granada.</p>	SP+EN	Sufficient knowledge of the working language previously agreed with the coordinator of the corresponding research unit at the Universidad de Granada	http://investigacion.ugr.es/ugrinvestigatatic/Buscador*/grupos/ficha/FQM348	SHORT RESEARCH STAYS: Potential applicants must hold a doctoral degree and will normally be a researcher at their home institution. A work plan is mandatory and has to be submitted before the start of the stay abroad. Modifications are possible during the entire stay abroad.
Chemistry	QUÍMICA FÍSICA BIOMOLECULAR	<p>MANDATORY documents: 1. Proof of status at the home institution (Document issued by the home university stating that the candidate is currently linked to it as a regular researcher); 2. Doctoral Degree; 3. CV using the Europass template; 4. Invitation letter signed by the head of the corresponding research unit at the Universidad de Granada; 5. Research plan up to a maximum of two pages; to be agreed on previously with the contact person at the University of Granada);</p> <p>RECOMMENDED documents: 1. Language proficiency certificates; 2. Letters of recommendation; 3. Letter of support (Document issued by the home university specifying the institutional and/or academic interest of the proposed mobility flow for the home university); 4. Letter of institutional commitment (Document issued by the home institution ensuring the (re)incorporation of the grantee); Possible duration and approximate dates: Any date and duration previously agreed with the corresponding research unit at the Universidad de Granada.</p>	SP+EN	Sufficient knowledge of the working language previously agreed with the coordinator of the corresponding research unit at the Universidad de Granada	http://investigacion.ugr.es/ugrinvestigatatic/Buscador*/grupos/ficha/FQM361	SHORT RESEARCH STAYS: Potential applicants must hold a doctoral degree and will normally be a researcher at their home institution. A work plan is mandatory and has to be submitted before the start of the stay abroad. Modifications are possible during the entire stay abroad.

Chemistry	QUÍMICA ORGANOMETÁLICA Y ELECTRÓNICA MOLECULAR	<p>MANDATORY documents: 1. Proof of status at the home institution (Document issued by the home university stating that the candidate is currently linked to it as a regular researcher); 2. Doctoral Degree; 3. CV using the Europass template; 4. Invitation letter signed by the head of the corresponding research unit at the Universidad de Granada; 5. Research plan up to a maximum of two pages; to be agreed on previously with the contact person at the University of Granada);</p> <p>RECOMMENDED documents: 1. Language proficiency certificates; 2. Letters of recommendation; 3. Letter of support (Document issued by the home university specifying the institutional and/or academic interest of the proposed mobility flow for the home university); 4. Letter of institutional commitment (Document issued by the home institution ensuring the (re)incorporation of the grantee); Possible duration and approximate dates: Any date and duration previously agreed with the corresponding research unit at the Universidad de Granada.</p>	SP+EN	Sufficient knowledge of the working language previously agreed with the coordinator of the corresponding research unit at the Universidad de Granada	http://investigacion.ugr.es/ugrinvestigatatic/Buscador*/grupos/ficha/FQM367	SHORT RESEARCH STAYS: Potential applicants must hold a doctoral degree and will normally be a researcher at their home institution. A work plan is mandatory and has to be submitted before the start of the stay abroad. Modifications are possible during the entire stay abroad.
Chemistry	BIONANOPARTICULAS METALICAS	<p>MANDATORY documents: 1. Proof of status at the home institution (Document issued by the home university stating that the candidate is currently linked to it as a regular researcher); 2. Doctoral Degree; 3. CV using the Europass template; 4. Invitation letter signed by the head of the corresponding research unit at the Universidad de Granada; 5. Research plan up to a maximum of two pages; to be agreed on previously with the contact person at the University of Granada);</p> <p>RECOMMENDED documents: 1. Language proficiency certificates; 2. Letters of recommendation; 3. Letter of support (Document issued by the home university specifying the institutional and/or academic interest of the proposed mobility flow for the home university); 4. Letter of institutional commitment (Document issued by the home institution ensuring the (re)incorporation of the grantee); Possible duration and approximate dates: Any date and duration previously agreed with the corresponding research unit at the Universidad de Granada.</p>	SP+EN	Sufficient knowledge of the working language previously agreed with the coordinator of the corresponding research unit at the Universidad de Granada	http://investigacion.ugr.es/ugrinvestigatatic/Buscador*/grupos/ficha/FQM368	SHORT RESEARCH STAYS: Potential applicants must hold a doctoral degree and will normally be a researcher at their home institution. A work plan is mandatory and has to be submitted before the start of the stay abroad. Modifications are possible during the entire stay abroad.

Chemistry	SISTEMAS INORGANICOS EN LA QUIMICA DEL MEDIO AMBIENTE	<p>MANDATORY documents: 1. Proof of status at the home institution (Document issued by the home university stating that the candidate is currently linked to it as a regular researcher); 2. Doctoral Degree; 3. CV using the Europass template; 4. Invitation letter signed by the head of the corresponding research unit at the Universidad de Granada; 5. Research plan up to a maximum of two pages; to be agreed on previously with the contact person at the University of Granada);</p> <p>RECOMMENDED documents: 1. Language proficiency certificates; 2. Letters of recommendation; 3. Letter of support (Document issued by the home university specifying the institutional and/or academic interest of the proposed mobility flow for the home university); 4. Letter of institutional commitment (Document issued by the home institution ensuring the (re)incorporation of the grantee); Possible duration and approximate dates: Any date and duration previously agreed with the corresponding research unit at the Universidad de Granada.</p>	SP+EN	Sufficient knowledge of the working language previously agreed with the coordinator of the corresponding research unit at the Universidad de Granada	http://investigacion.ugr.es/ugrinvestigativo/Buscador/*/grupos/ficha/RNM142	SHORT RESEARCH STAYS: Potential applicants must hold a doctoral degree and will normally be a researcher at their home institution. A work plan is mandatory and has to be submitted before the start of the stay abroad. Modifications are possible during the entire stay abroad.
Chemistry	CRECIMIENTO DE CRISTALES Y CRISTALIZACION INDUSTRIAL	<p>MANDATORY documents: 1. Proof of status at the home institution (Document issued by the home university stating that the candidate is currently linked to it as a regular researcher); 2. Doctoral Degree; 3. CV using the Europass template; 4. Invitation letter signed by the head of the corresponding research unit at the Universidad de Granada; 5. Research plan up to a maximum of two pages; to be agreed on previously with the contact person at the University of Granada);</p> <p>RECOMMENDED documents: 1. Language proficiency certificates; 2. Letters of recommendation; 3. Letter of support (Document issued by the home university specifying the institutional and/or academic interest of the proposed mobility flow for the home university); 4. Letter of institutional commitment (Document issued by the home institution ensuring the (re)incorporation of the grantee); Possible duration and approximate dates: Any date and duration previously agreed with the corresponding research unit at the Universidad de Granada.</p>	SP+EN	Sufficient knowledge of the working language previously agreed with the coordinator of the corresponding research unit at the Universidad de Granada	http://lec.ugr.es	SHORT RESEARCH STAYS: Potential applicants must hold a doctoral degree and will normally be a researcher at their home institution. A work plan is mandatory and has to be submitted before the start of the stay abroad. Modifications are possible during the entire stay abroad.

Chemistry	GRUPO DE INVESTIGACIÓN EN MATERIALES DE CARBÓN	<p>MANDATORY documents: 1. Proof of status at the home institution (Document issued by the home university stating that the candidate is currently linked to it as a regular researcher); 2. Doctoral Degree; 3. CV using the Europass template; 4. Invitation letter signed by the head of the corresponding research unit at the Universidad de Granada; 5. Research plan up to a maximum of two pages; to be agreed on previously with the contact person at the University of Granada);</p> <p>RECOMMENDED documents: 1. Language proficiency certificates; 2. Letters of recommendation; 3. Letter of support (Document issued by the home university specifying the institutional and/or academic interest of the proposed mobility flow for the home university); 4. Letter of institutional commitment (Document issued by the home institution ensuring the (re)incorporation of the grantee); Possible duration and approximate dates: Any date and duration previously agreed with the corresponding research unit at the Universidad de Granada.</p>	SP+EN	Sufficient knowledge of the working language previously agreed with the coordinator of the corresponding research unit at the Universidad de Granada	http://investigacion.ugr.es/ugrinvestigatatic/Buscador*/grupos/ficha/RNM172	SHORT RESEARCH STAYS: Potential applicants must hold a doctoral degree and will normally be a researcher at their home institution. A work plan is mandatory and has to be submitted before the start of the stay abroad. Modifications are possible during the entire stay abroad.
Chemistry	SÓLIDOS POROSOS	<p>MANDATORY documents: 1. Proof of status at the home institution (Document issued by the home university stating that the candidate is currently linked to it as a regular researcher); 2. Doctoral Degree; 3. CV using the Europass template; 4. Invitation letter signed by the head of the corresponding research unit at the Universidad de Granada; 5. Research plan up to a maximum of two pages; to be agreed on previously with the contact person at the University of Granada);</p> <p>RECOMMENDED documents: 1. Language proficiency certificates; 2. Letters of recommendation; 3. Letter of support (Document issued by the home university specifying the institutional and/or academic interest of the proposed mobility flow for the home university); 4. Letter of institutional commitment (Document issued by the home institution ensuring the (re)incorporation of the grantee); Possible duration and approximate dates: Any date and duration previously agreed with the corresponding research unit at the Universidad de Granada.</p>	SP+EN	Sufficient knowledge of the working language previously agreed with the coordinator of the corresponding research unit at the Universidad de Granada	http://investigacion.ugr.es/ugrinvestigatatic/Buscador*/grupos/ficha/RNM342	SHORT RESEARCH STAYS: Potential applicants must hold a doctoral degree and will normally be a researcher at their home institution. A work plan is mandatory and has to be submitted before the start of the stay abroad. Modifications are possible during the entire stay abroad.

Microbiology, Biotechnology	BIOTECNOLOGÍA Y ECOFISIOLOGÍA DE CULTIVOS Y PLANTAS DE INTERES ECOLÓGICO.	<p>MANDATORY documents: 1. Proof of status at the home institution (Document issued by the home university stating that the candidate is currently linked to it as a regular researcher); 2. Doctoral Degree; 3. CV using the Europass template; 4. Invitation letter signed by the head of the corresponding research unit at the Universidad de Granada; 5. Research plan up to a maximum of two pages; to be agreed on previously with the contact person at the University of Granada);</p> <p>RECOMMENDED documents: 1. Language proficiency certificates; 2. Letters of recommendation; 3. Letter of support (Document issued by the home university specifying the institutional and/or academic interest of the proposed mobility flow for the home university); 4. Letter of institutional commitment (Document issued by the home institution ensuring the (re)incorporation of the grantee); Possible duration and approximate dates: Any date and duration previously agreed with the corresponding research unit at the Universidad de Granada.</p>	SP+EN	Sufficient knowledge of the working language previously agreed with the coordinator of the corresponding research unit at the Universidad de Granada	http://investigacion.ugr.es/ugrinvestigatatic/Buscador*/grupos/ficha/AGR123	SHORT RESEARCH STAYS: Potential applicants must hold a doctoral degree and will normally be a researcher at their home institution. A work plan is mandatory and has to be submitted before the start of the stay abroad. Modifications are possible during the entire stay abroad.
Microbiology, Biotechnology	MIXOBACTERIAS	<p>MANDATORY documents: 1. Proof of status at the home institution (Document issued by the home university stating that the candidate is currently linked to it as a regular researcher); 2. Doctoral Degree; 3. CV using the Europass template; 4. Invitation letter signed by the head of the corresponding research unit at the Universidad de Granada; 5. Research plan up to a maximum of two pages; to be agreed on previously with the contact person at the University of Granada);</p> <p>RECOMMENDED documents: 1. Language proficiency certificates; 2. Letters of recommendation; 3. Letter of support (Document issued by the home university specifying the institutional and/or academic interest of the proposed mobility flow for the home university); 4. Letter of institutional commitment (Document issued by the home institution ensuring the (re)incorporation of the grantee); Possible duration and approximate dates: Any date and duration previously agreed with the corresponding research unit at the Universidad de Granada.</p>	SP+EN	Sufficient knowledge of the working language previously agreed with the coordinator of the corresponding research unit at the Universidad de Granada	http://investigacion.ugr.es/ugrinvestigatatic/Buscador*/grupos/ficha/BIO103	SHORT RESEARCH STAYS: Potential applicants must hold a doctoral degree and will normally be a researcher at their home institution. A work plan is mandatory and has to be submitted before the start of the stay abroad. Modifications are possible during the entire stay abroad.

Microbiology, Biotechnology	ESTUDIO SUSTANCIAS ANTAGONISTAS PRODUCIDAS POR MICROORGANISMOS	<p>MANDATORY documents: 1. Proof of status at the home institution (Document issued by the home university stating that the candidate is currently linked to it as a regular researcher); 2. Doctoral Degree; 3. CV using the Europass template; 4. Invitation letter signed by the head of the corresponding research unit at the Universidad de Granada; 5. Research plan up to a maximum of two pages; to be agreed on previously with the contact person at the University of Granada);</p> <p>RECOMMENDED documents: 1. Language proficiency certificates; 2. Letters of recommendation; 3. Letter of support (Document issued by the home university specifying the institutional and/or academic interest of the proposed mobility flow for the home university); 4. Letter of institutional commitment (Document issued by the home institution ensuring the (re)incorporation of the grantee); Possible duration and approximate dates: Any date and duration previously agreed with the corresponding research unit at the Universidad de Granada.</p>	SP+EN	Sufficient knowledge of the working language previously agreed with the coordinator of the corresponding research unit at the Universidad de Granada	http://bio160.ugr.es	SHORT RESEARCH STAYS: Potential applicants must hold a doctoral degree and will normally be a researcher at their home institution. A work plan is mandatory and has to be submitted before the start of the stay abroad. Modifications are possible during the entire stay abroad.
Microbiology, Biotechnology	EXOPOLISACARIDOS MICROBIANOS	<p>MANDATORY documents: 1. Proof of status at the home institution (Document issued by the home university stating that the candidate is currently linked to it as a regular researcher); 2. Doctoral Degree; 3. CV using the Europass template; 4. Invitation letter signed by the head of the corresponding research unit at the Universidad de Granada; 5. Research plan up to a maximum of two pages; to be agreed on previously with the contact person at the University of Granada);</p> <p>RECOMMENDED documents: 1. Language proficiency certificates; 2. Letters of recommendation; 3. Letter of support (Document issued by the home university specifying the institutional and/or academic interest of the proposed mobility flow for the home university); 4. Letter of institutional commitment (Document issued by the home institution ensuring the (re)incorporation of the grantee); Possible duration and approximate dates: Any date and duration previously agreed with the corresponding research unit at the Universidad de Granada.</p>	SP+EN	Sufficient knowledge of the working language previously agreed with the coordinator of the corresponding research unit at the Universidad de Granada	http://investigacion.ugr.es/ugrinvestigatatic/Buscador*/grupos/ficha/BIO188	SHORT RESEARCH STAYS: Potential applicants must hold a doctoral degree and will normally be a researcher at their home institution. A work plan is mandatory and has to be submitted before the start of the stay abroad. Modifications are possible during the entire stay abroad.

Microbiology, Biotechnology	MICROORGANISMOS HALOFILOS Y BIORREMEDIACION AMBIENTAL	<p>MANDATORY documents: 1. Proof of status at the home institution (Document issued by the home university stating that the candidate is currently linked to it as a regular researcher); 2. Doctoral Degree; 3. CV using the Europass template; 4. Invitation letter signed by the head of the corresponding research unit at the Universidad de Granada; 5. Research plan up to a maximum of two pages; to be agreed on previously with the contact person at the University of Granada);</p> <p>RECOMMENDED documents: 1. Language proficiency certificates; 2. Letters of recommendation; 3. Letter of support (Document issued by the home university specifying the institutional and/or academic interest of the proposed mobility flow for the home university); 4. Letter of institutional commitment (Document issued by the home institution ensuring the (re)incorporation of the grantee); Possible duration and approximate dates: Any date and duration previously agreed with the corresponding research unit at the Universidad de Granada.</p>	SP+EN	Sufficient knowledge of the working language previously agreed with the coordinator of the corresponding research unit at the Universidad de Granada	http://investigacion.ugr.es/ugrinvestigatatic/Buscador*/grupos/ficha/BIO190	SHORT RESEARCH STAYS: Potential applicants must hold a doctoral degree and will normally be a researcher at their home institution. A work plan is mandatory and has to be submitted before the start of the stay abroad. Modifications are possible during the entire stay abroad.
Microbiology, Biotechnology	INMUNOLOGIA MICROBIANA	<p>MANDATORY documents: 1. Proof of status at the home institution (Document issued by the home university stating that the candidate is currently linked to it as a regular researcher); 2. Doctoral Degree; 3. CV using the Europass template; 4. Invitation letter signed by the head of the corresponding research unit at the Universidad de Granada; 5. Research plan up to a maximum of two pages; to be agreed on previously with the contact person at the University of Granada);</p> <p>RECOMMENDED documents: 1. Language proficiency certificates; 2. Letters of recommendation; 3. Letter of support (Document issued by the home university specifying the institutional and/or academic interest of the proposed mobility flow for the home university); 4. Letter of institutional commitment (Document issued by the home institution ensuring the (re)incorporation of the grantee); Possible duration and approximate dates: Any date and duration previously agreed with the corresponding research unit at the Universidad de Granada.</p>	SP+EN	Sufficient knowledge of the working language previously agreed with the coordinator of the corresponding research unit at the Universidad de Granada	http://investigacion.ugr.es/ugrinvestigatatic/Buscador*/grupos/ficha/BIO201	SHORT RESEARCH STAYS: Potential applicants must hold a doctoral degree and will normally be a researcher at their home institution. A work plan is mandatory and has to be submitted before the start of the stay abroad. Modifications are possible during the entire stay abroad.

Microbiology, Biotechnology	FISIOPATOLOGIA CELULAR Y MOLECULAR	<p>MANDATORY documents: 1. Proof of status at the home institution (Document issued by the home university stating that the candidate is currently linked to it as a regular researcher); 2. Doctoral Degree; 3. CV using the Europass template; 4. Invitation letter signed by the head of the corresponding research unit at the Universidad de Granada; 5. Research plan up to a maximum of two pages; to be agreed on previously with the contact person at the University of Granada);</p> <p>RECOMMENDED documents: 1. Language proficiency certificates; 2. Letters of recommendation; 3. Letter of support (Document issued by the home university specifying the institutional and/or academic interest of the proposed mobility flow for the home university); 4. Letter of institutional commitment (Document issued by the home institution ensuring the (re)incorporation of the grantee); Possible duration and approximate dates: Any date and duration previously agreed with the corresponding research unit at the Universidad de Granada.</p>	SP+EN	Sufficient knowledge of the working language previously agreed with the coordinator of the corresponding research unit at the Universidad de Granada	http://investigacion.ugr.es/ugrinvestigatatic/Buscador*/grupos/ficha/BIO251	SHORT RESEARCH STAYS: Potential applicants must hold a doctoral degree and will normally be a researcher at their home institution. A work plan is mandatory and has to be submitted before the start of the stay abroad. Modifications are possible during the entire stay abroad.
Microbiology, Biotechnology	DESARROLLO PROCARIÓTICO	<p>MANDATORY documents: 1. Proof of status at the home institution (Document issued by the home university stating that the candidate is currently linked to it as a regular researcher); 2. Doctoral Degree; 3. CV using the Europass template; 4. Invitation letter signed by the head of the corresponding research unit at the Universidad de Granada; 5. Research plan up to a maximum of two pages; to be agreed on previously with the contact person at the University of Granada);</p> <p>RECOMMENDED documents: 1. Language proficiency certificates; 2. Letters of recommendation; 3. Letter of support (Document issued by the home university specifying the institutional and/or academic interest of the proposed mobility flow for the home university); 4. Letter of institutional commitment (Document issued by the home institution ensuring the (re)incorporation of the grantee); Possible duration and approximate dates: Any date and duration previously agreed with the corresponding research unit at the Universidad de Granada.</p>	SP+EN	Sufficient knowledge of the working language previously agreed with the coordinator of the corresponding research unit at the Universidad de Granada	http://investigacion.ugr.es/ugrinvestigatatic/Buscador*/grupos/ficha/BIO318	SHORT RESEARCH STAYS: Potential applicants must hold a doctoral degree and will normally be a researcher at their home institution. A work plan is mandatory and has to be submitted before the start of the stay abroad. Modifications are possible during the entire stay abroad.

Microbiology, Biotechnology	COMUNICACION INTERCELULAR	<p>MANDATORY documents: 1. Proof of status at the home institution (Document issued by the home university stating that the candidate is currently linked to it as a regular researcher); 2. Doctoral Degree; 3. CV using the Europass template; 4. Invitation letter signed by the head of the corresponding research unit at the Universidad de Granada; 5. Research plan up to a maximum of two pages; to be agreed on previously with the contact person at the University of Granada);</p> <p>RECOMMENDED documents: 1. Language proficiency certificates; 2. Letters of recommendation; 3. Letter of support (Document issued by the home university specifying the institutional and/or academic interest of the proposed mobility flow for the home university); 4. Letter of institutional commitment (Document issued by the home institution ensuring the (re)incorporation of the grantee); Possible duration and approximate dates: Any date and duration previously agreed with the corresponding research unit at the Universidad de Granada.</p>	SP+EN	Sufficient knowledge of the working language previously agreed with the coordinator of the corresponding research unit at the Universidad de Granada	http://melatonin.ugr.es	SHORT RESEARCH STAYS: Potential applicants must hold a doctoral degree and will normally be a researcher at their home institution. A work plan is mandatory and has to be submitted before the start of the stay abroad. Modifications are possible during the entire stay abroad.
Microbiology, Biotechnology	ENDOCRINOLOGIA Y METABOLISMO	<p>MANDATORY documents: 1. Proof of status at the home institution (Document issued by the home university stating that the candidate is currently linked to it as a regular researcher); 2. Doctoral Degree; 3. CV using the Europass template; 4. Invitation letter signed by the head of the corresponding research unit at the Universidad de Granada; 5. Research plan up to a maximum of two pages; to be agreed on previously with the contact person at the University of Granada);</p> <p>RECOMMENDED documents: 1. Language proficiency certificates; 2. Letters of recommendation; 3. Letter of support (Document issued by the home university specifying the institutional and/or academic interest of the proposed mobility flow for the home university); 4.
